To the Indiana High School Athletic Association

BY W. A. DENNY

The instinct for play in both men and animals suggests natures means for bringing about certain changes necessary for proper muscular development and maintenance of bodily vigor. To be a good animal is natures prerequisite to future growth, success, or contentment.

It is a striking anomaly that our system of education, which is supposed to equip the individual for the full and complete utilization of his natural powers, has failed to recognize the importance of good health as a fundamental requirement for vigorous mental activity. The predominating factor in the growing youth is the insistent demand for play. If our educational program would take advantage of this natural aptitude and encourage its fuller development by making ample provision for organized play, it would contribute much not only to the physical welfare of the individual but would become a determining influence in his social growth as well. To disregard the educational value of this factor in school life is to lose a powerful agency for the progressive growth of all those mental qualities essential to successful living.

Education implies active participation in group life. The forces involved which consistently direct one's actions toward others, may be learned in playing competitive games according to certain rules of conduct. To win in the struggle of self-control under adverse conditions, to possess the power to respond instantly to changing situations, to cooperate with one's fellows for a common purpose will strengthen the desire for achievement in living.

The sustained effort in competition, the determined struggle for mastery, and the persistent attempt to succeed are excellent qualities for scholastic attainment. The youth who is animated by that splendid spirit of sportsmanship, which allows generous consideration for the good play of an opposing team, will learn well the lesson of tolerance so essential to the perpetuation of our democratic institutions.

As educators we should assume a larger direction of the school's avocations and not allow the spirit of play to become either atrophied or predominate. We should seek to include an ever increasing number of students within the sphere of its influence. For the worthy use of leisure

may be as important a factor in determining the welfare of the individual as organized work or study.

It is encouraging to note the recent attitude of the State Board of Education in its attempt to incorporate physical training as a requirement in the Course of Study. The efficacy of such teaching is attested by the interest displayed and the phenomenal growth of the Indiana High School Athletic Association which now enrolls five hundred two (502) schools in its list of membership. This branch of organized athletics demands recognition from educators on account of its far reaching influence in the educational policies of the state.

I venture to suggest that the true purpose of the Association could be better served, its scope of activity enlarged, and better service rendered more of the youth of the state by the employment of a secretary who could devote full time to the administration of the details incident thereto. With a membership fee of five dollars (\$5.00) sufficient funds would be available to finance the program suggested above. This would enable the Athletic Board of Control to coordinate its work more closely with the projected plans outlined by the State Board of Education.

BASKETBALL

Each succeeding year sees a decided increase in the popularity of this sport as evidenced by the number of High Schools supporting teams throughout the season and by the number of the teams entering the Sectional Toursneys. Probably, better High School Basketball was never played in Indiana than was played this year.

The number of districts holding Sectional Toursneys increased from 16 to 20 and the number of teams participating increased from 204 to 255. The increase in the number of teams necessitates an increase in the number of Sectional Toursneys and an increase in the number of Sectional Toursneys is causing the State Tourney to be made up of too many teams, thus making the strenuousness of the Tourney a cause for alarm.

The Sectional Toursneys were successes in most places and the Final Tourney was handled in the usual excellent manner by Indiana University. The new gymnasium there accommodated all desiring to see the games. The Lebanon team won the State Championship and Claude Curtis of Martinsville won the Gimbel prize given for "Mental Attitude." Information in detail follows concerning the Toursneys.

Announcement of I. H. S. A. A. Sectional and Final Basketball Toursneys, 1917.

THE SIXTH ANNUAL

In accordance with the vote of the State Association at the last annual meeting the Board of Control has completed the details for the State Championship Basketball Toursneys and announces the scheme in full.

SECTIONAL TOURNEYS MARCH 9 and 10

The following bases were used in selecting centers: (1) Location—geographical and with reference to schools desiring to participate. (2) Railway and Interurban facilities. (3) General conditions—attitude of local authorities, floors, entertaining facilities, etc.

Schools have been assigned by Counties with the intention of having about the same number in each Tourney. The following scheme gives the

Centers and also the Counties assigned to each Center. The name of your County locates your Center. The Board reserves the right to readjust the scheme if unforeseen conditions make it advisable and necessary. The numbers indicate the schools from each county that have expressed their desire to enter.

TRACK, FIELD AND BASEBALL

The war situation and a late spring combined caused these sports to lose somewhat in their hold upon the High Schools of the State. There were a number of good dual, triangular and other meets and games, however, and sectional meets were given their first try-out in the I. H. S. A. A. The second Baseball Tourney in the history of the Association was held also.

There were ten Sectional meets and all but two were losing ventures financially. They were very successful otherwise, however, and the State Meet was the best in years due to elimination of incompetents. Fifty-three schools were represented in the State Meet and 21 received some points. Five Association records were broken. There were six Baseball teams competing, thus showing that this sport is not popular among the High Schools.

Purdue University under whose auspices this Meet and Tourney were held proved to be an excellent host in all particulars. The method of elimination by holding sectional meets proved successful and in a few years this scheme will be working as well as the Basketball scheme. The medal proposition was expensive and unnecessary. Trophies have been barred from future meets, however, so all meets should easily pay expenses. Information in full follows:

Detailed Announcements for Track Meets and Baseball Tourney, 1917

THE FIRST ANNUAL

In accordance with the vote of the State Association at the last annual meeting, the Board of Control has completed the details for the State Sectional and Final Track and Field Meets together with the details for the Open State Baseball Tourney. The scheme in full follows:

Eligibility—Each contestant in these meets must have previously made in a fair test a record equal to the following in every event in which he is entered:

| | |
|-----------------------------|--------------|
| 100 Yard Dash..... | 11 s. |
| 220 Yard Dash..... | 26 s. |
| 440 Yard Dash..... | 58 s. |
| Half Mile Run | 2 min. 20 s. |
| Mile Run | 5 min. 15 s. |
| 120 Yard High Hurdles..... | 19 s. |
| 220 Yard Low Hurdles | 29 s. |
| Running High Jump..... | 5 ft. |
| Running Broad Jump..... | 19 ft. |
| Pole Vault | 8 ft. 9 in. |
| Putting Shot (12 lb.) | 36 ft. |

The above, together with a mile relay, will constitute the events of the Meets. Winning first place in any event counts five points; second place, three points; and third place, one point. Points in the relay will not be counted in determining the winning team. In case of a tie in any event the points shall be divided and the place awarded by lot.

The order of events is as follows:

Track Events—100-yard dash trial; 120-yard hurdle trial; 100-yard dash final; one mile run; 440-yard run; 120-yard hurdle final; 220-yard dash trial; 220-yard hurdle trial; 880-yard run; 220-yard dash final; 220-yard hurdle final; relay.

Field Events—Running high jump; shot put; pole vault; running broad jump.

Schools have been assigned by Counties and the following scheme gives the Centers and the Counties assigned to each Center. The name of your county locates your Center. The Board reserves the right to readjust the scheme if necessary. The numbers indicate the schools from each county that have expressed a desire to enter. Entry blanks are necessary, however.

Minutes of Meetings of Board of Control

Board Meeting

The Board of Control of the I. H. S. A. A. met in the Claypool Hotel, Indianapolis, at 10:30 o'clock, November 25. Mr. Denny, Mr. Shock and the Permanent Secretary being present.

The following decisions were rendered:

The Evansville High School was suspended until June 1, 1917, for playing an ineligible boy knowingly on their football team.

The Oolitic-Owensburg controversy was settled by disqualifying Gilbert Babbe, of Owensburg, for this entire Basketball season.

Coalmont High School was suspended from the I. H. S. A. A. until April 1, 1917, for playing a non-member of the State Association.

The Linton-Garfield controversy was settled by exonerating Principal Records of Garfield.

The Holton-Napoleon game won by Holton was forfeited to Napoleon and George Jackson of the Holton High School was declared ineligible for this entire semester. The above action was taken because George Jackson did not enter High School during the first twenty days of the semester.

The New Amsterdam-Depauw controversy was settled by declaring the score as follows: New Amsterdam, 11; Depauw, 5.

The coaching system of Basketball in the Bloomington High School must be changed immediately under penalty of suspension.

The Board furthermore accepted the invitation of Purdue University to hold a Baseball Tournament in connection with the State Track Meet on May 25 or 26.

There being no further business the meeting adjourned.

J. H. SHOCK, President
A. L. TRESTER, Per. Sec'y

Board Meeting

The Board of Control met in the Claypool Hotel, Indianapolis, at 10:30 a. m. Thursday, December 28. Supt. Denny, Prin. E. E. Ramsey and the Permanent Secretary being present.

Prin. Records of the Garfield High School, Terre Haute, and Mr. White,

Sporting Editor of the Terre Haute Tribune were present and asked permission to hold a Basketball Tourney made up of Indiana and Illinois High Schools on January 26 and 27, 1917. Sanction was given with the following provisions:

1. The three High Schools of Terre Haute shall signify in writing to the State Board of Control their approval and support of the proposed Wabash Valley Athletic Association Basketball Tourney.
2. All financial arrangements shall conform strictly to the usual I. H. S. A. A. Basketball Tourney regulations.
3. All I. H. S. A. A. rules shall be observed and conformity given thereto.

The Ladoga High School must change her coaching system immediately under penalty of suspension.

The Scottsburg-Jeffersonville controversy over the cancellation of a game was settled by removing any blame from Jeffersonville since the Scottsburg floor is a concrete one.

The Permanent Secretary was instructed to arrange contracts with both Indiana University and Purdue University for the Basketball Tourney and the Baseball and Track Meet respectively.

The Centerville High School was suspended until June 1, 1917, for playing ineligible men.

The Winamac-North Bend controversy was settled by declaring a forfeiture of \$10.00 due Winamac for each of two games of Basketball scheduled by North Bend according to contracts submitted. This sum of \$20.00 must be paid on or before January 10.

Upon reconsideration the suspension of the Coalmont High School was set at February 1 rather than April 1, providing Coalmont played no ineligible ball in the meantime.

Board Meeting

The Board met at 6:00 p. m. in the Claypool Hotel, Indianapolis, Saturday, January 20. The entire new Board and the Permanent Secretary were present. Organization of the Board for the year was made as follows: Supt. W. A. Denny, President, and Prin. E. E. Ramsey, Treasurer.

Mr. U. H. Smith and Coach Steihm of Indiana University were present and the details of the State Final Basketball Tourney were completed.

It was unanimously voted that at all future Basketball Tours, Base-ball Tours, Track Meets, etc., whether sectional or final, none but con-

testants, rubbers, officials and managers shall be allowed on the floors or fields.

John Musselman of Newberry was declared a non-official under the rules of the I. H. S. A. A. until June 1, 1917, for unbecoming conduct in a game of Basketball.

Middletown was ordered to pay Hagerstown \$10.00 on or before January 27 for failure to play one game as scheduled and Hagerstown was ordered to drop the charge concerning another game as scheduled. The compromise was made because of indefinite negotiations on the part of these two schools.

North Bend High School was denied membership in the I. H. S. A. A. until they paid \$20.00 forfeit money to Winamac for failure to play two games of Basketball as scheduled.

The Permanent Secretary was ordered to write to the Milan High School stating that technically they could hold the Patriot High School for \$10.00 forfeit money but owing to the distance and weather conditions Milan should not ask compliance with the provisions of the contract.

Veedersburg and Newtown were both held blameworthy in a recent controversy. Newtown should have used the official agreed upon and Veedersburg should have played the game under protest. The contest was declared no game and thus settled.

The Permanent Secretary was ordered to ask Prin. Thos. Records of Terre Haute to give him an interview at Martinsville soon concerning the proposed Tourney to be held at Terre Haute.

It was decided to withhold sanction from a County Basketball Tourney proposed by Manager Ellis of De Pauw University and to warn all schools that their membership would lapse if they participated in the Tourney.

Contracts for the Final Basketball Tourney, the Sectional Tourneys, the Basketball officials and the State Track Meet were gone over and the articles agreed upon.

Agreement was reached concerning the announcement for the Basketball Tourneys also.

The Preparatory School of Winona College was denied admission into the I. H. S. A. A. because of difficulty in determining eligibility requirements.

The following Sectional Centers were chosen for Basketball: Anderson, Bloomington, Bluffton, Brazil, Columbus, Crawfordsville, Franklin, Green-castle, Kendallville, Kokomo, Lafayette, Lebanon or Delphi or Frankfort, Logansport, Martinsville, New Castle, Richmond, South Bend, Valparaiso, Vincennes, Washington.

The probable entries in the Tourney and the Meet were gone over with a view to assigning them to centers. The invitations of Gary, Lafayette, Huntington, Martinsville and Linton were accepted and the Permanent Secretary was instructed to get contracts with these schools. The Permanent Secretary was also instructed to secure other invitations as the number and location of the schools desiring to enter demanded.

The officials for the Sectional Meets were discussed and several men were recommended by the members of the Board. The Permanent Secretary was instructed to secure a Referee and a Starter for each sectional meet.

The Camden-Deer Creek controversy was considered and the Permanent Secretary was instructed to secure additional data bearing on the difficulty.

The Orleans-Mitchell game was considered and it was found that Orleans played two ineligible men on their second team. Orleans High School was suspended from the I. H. S. A. A. until January 1, 1918.

The strenuousness of the Sectional and Final Basketball Tourneys was considered and each member of the Board was instructed to form some plan for relieving this situation and to report same at our next meeting.

Rules of the Indiana High School Athletic Association Regarding Track and Field Meets.

**Based on the Rules of the Intercollegiate Conference
Athletic Association.**

RULE I.

Officials.

Section 1. All meetings must be under the direction of
The Board of Control.

One referee.

Two or more inspectors.

Three or more field judges.

Three judges at finish.

Three or more timekeepers.

One starter.

One clerk of the course.

One scorer.

One marshal.

Sec. 2. If deemed necessary, assistants may be provided for the clerk of
the course, the scorer and the marshal, and an official announcer may be
appointed.

RULE II.

The Board of Control.

The Board of Control shall have jurisdiction of all matters not assigned
by these rules to the referee or other game officials.

RULE III.

The Referee.

The referee must decide all questions relating to the actual conduct of
the Meet, whose final settlement is not otherwise covered by these rules, and
shall have the power to add to or alter the announced arrangements of heats
in any event. A referee has no authority, after heats have been drawn and
published in a program, to transfer a contestant from one heat to another.

When in any but the final heat of a race a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When in a final heat a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to his carelessness or conduct, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If during the athletic contest under the rules of the I. H. S. A. A. a competitor shall conduct himself in a manner unbecoming a gentleman or offensive to the officials, spectators or competitors, the referee shall have the power to disqualify him from further competition at the Meet; and if he thinks the offense worthy of additional punishment, must promptly make a detailed statement of the facts to the Board of Control.

Power to change the order of events as laid down in the official program is reserved to the Board of Control, which shall, through its chairman, exercise this authority, unless it sees fit to expressly delegate this power to the referee.

The referee shall not have authority to disqualify any competitor for violation of the eligibility rule of the I. H. S. A. A. All protests as to eligibility made on the field must be referred to the Board of Control, and the protested competitor must be allowed to compete until disqualified by the arbitrator of the I. H. S. A. A.

RULE IV

The Inspectors.

It shall be the duty of the inspector to stand at such point as the referee may designate, to watch the competition closely, and, in case of claim of foul, to report to the referee what he saw of the incident. Such inspectors are merely assistants to the referee, to whom they must report, and have no power to make any decision.

RULE V.

The Judges of the Finish.

The judges of the finish must determine the order of finishing of contestants, and must arrange among themselves as to noting the winner, second, third and fourth, etc., as the case may require, and there must always be two judges, whose duty must be to choose the winner.

Their decision in this respect must be without appeal, and in case of a disagreement a majority must govern.

RULE VI.

The Field Judges.

The field judges must make an accurate measurement and keep a tally of all trials of competitors in the high and broad jumps, the pole vaults, the weight competitions and the discus throws.

They must act as judges in these events, and their decisions must likewise be without appeal. In case of disagreement, a majority must govern. There must be at least three judges for every event.

RULE VII.

The Timekeepers.

The timekeepers must be three in number, and must individually time all events where time record is called for. At the conclusion of each heat, each timekeeper must present his watch to the referee for inspection, and he must decide the official time. Should two of the three watches mark the same time and the third disagree, the time marked by said two watches must be accepted. Should all three disagree, the time marked by the intermediate watch must be accepted.

The flash of the pistol must denote the actual time of starting.

If, for any reason, only two watches are held on any event, and they fail to agree, the longer time of the two must be accepted.

RULE VIII.

The Starter.

The starter must have sole jurisdiction over the competitors after the clerk of the course has properly placed them in their position for the start.

The method of starting must be by pistol report, except that in time handicap races the word "go" must be used.

An actual start is not effected until the pistol has been purposely discharged after the competitors have been warned to get ready.

In case the pistol was not purposely discharged, the competitors shall be called back by the starter by pistol fire.

Note—The starter must have at least two good cartridges in his pistol before starting a heat.

When any part of the person of a competitor touches the ground in front of his mark before the signal is given, it must be considered a false start.

Penalties for false starting must be inflicted by the starter, as follows: In all races to and including 125 yards, the competitor must be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, three yards for the first and three more for the second attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the sec-

ond attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first attempt and ten more for the second attempt.

In all cases, the third false start must prevent his competing in that event.

The starter must rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official program, after he has been given the warning to "get ready."

RULE IX.

Clerk of the Course.

The clerk of the course must be provided with the names and the numbers of all entered competitors, and he must notify them to appear at the starting line before the start in each event in which they are entered.

RULE X.

The Scorer.

The scorer must record the order in which each competitor finishes his event, together with the time furnished by the referee.

He must keep a tally of the laps made by each competitor in races covering more than one lap, and must announce, by means of a bell or otherwise, when the leading man enters the last lap.

He must draw up a list of the actual competitors in each event, which shall be filed with the papers of the Association, and shall be the official record of competing entrants, and shall be final evidence in the enforcement of Rule III, of the rules of eligibility.

He must control his assistants and assign to them such of his duties as he may deem proper.

RULE XI.

The Marshal.

The marshal must have police charge of the enclosure, and must prevent any but officers and actual competitors from entering or remaining therein.

He must control his assistants and assign to them their duties.

RULE XII.

The Official Announcer.

The official announcer must receive from the scorer and field judges the result of each event, and announce the same by voice or by means of a bulletin board.

RULE XIII.

Competitors.

Competitors must report to the Clerk of the Course immediately upon their arrival at the place of meeting, and must be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they must not be allowed to start.

Each competitor must inform himself of the time of starting, and must be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

Under no condition shall attendants be allowed to accompany competitors at the start or during any competition.

RULE XIV.

Track Measurement.

All distances run or walked must be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straight-away tracks the distance must be measured in a direct line from the starting mark to the finishing line.

RULE XV.

The Course.

Each competitor must keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns, he must not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must run a straight course to the finish line, and must not cross to either the outside or inside from such straight course in front of his opponents.

In all races of the I. H. S. A. up to and including 220 yards, each competitor must have a separate course marked out and measured, whether races are run straightaway or with turns.

The referee must disqualify from that event any competitor who willfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The referee must disqualify from further participation in the Meet any contestant competing to lose, to coach, or in any way impede the chances of another competitor, either in a trial or a final contest.

RULE XVI.

The Finish.

The finish of the course must be represented by a line between two finishing posts, drawn across and at right angles to the sides of the track, and four feet above which line must be stretched a tape, attached at either end to the finishing posts. A finish must be counted when any part of the winners body, except his hands or arms, touches the tape at the finishing line. The tape must be considered the finishing line for the winners, but their order of finishing across the track line must determine the position of the other competitors.

RULE XVII.

Hurdles.

In the 120 yards hurdle race, ten hurdles must be used, each hurdle to be three feet six inches high. They must be placed ten yards apart, with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line.

In the 220 yards hurdle race ten hurdles must be used, each hurdle to be two feet six inches high. They must be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In making a record it must be necessary for the competitor to jump every hurdle in its proper position.

In all hurdle races of the I. H. S. A. A. up to and including 220 yards, each competitor must have separate hurdles and a separate course marked out and measured, whether races are run straightaway or with turns.

A competitor knocking down three or more hurdles, or any portion of three or more hurdles, in any race shall be disqualified.

RULE XVIII.

Jumping.

Section 1. A fair jump must be one that is made without the assistance of weights, diving, somersaults, or handsprings of any kind.

In scratch events competitors must jump in order as placed on program.

Sec. 2. The running high jump.—The field judges must decide the height at which the jump shall commence, and must regulate the succeeding elevations.

Each competitor must be allowed three trial jumps at each height, and if on the third trial he shall fail, he must be declared out of the competition.

Competitors must jump in order, as provided in Section 1; then those failing, if any, must have their second trial jump in a like order, after which those who have failed twice must make their third trial jump.

The jump must be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place by the competitor when trying, it must be counted as a trial jump.

Running under the bar in making an attempt to jump must be counted as a "balk," and three successive "balks," must be counted as a trial jump.

The distance of the run before the jump must be unlimited. A competitor may decline to jump at any height in his turn, and by so doing forfeits his rights to again jump at the height declined.

Sec. 4. The running broad jump.—When jumped on earth, a joist five inches wide must be sunk flush with it. The outer edges of this joist must be called the scratch line, and the measurement of all jumps must be made

from it, at right angles, to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground must be removed to the depth of three and the width of twelve inches outward.

A foul jump must be one where the competitor, in jumping off the scratch line, makes a mark on the ground immediately in front of it, or runs over the line without jumping, and must count as a trial jump without results.

Each Competitor must have three trial jumps, and the best three must have three more trial jumps.

The competition must be decided by the best of all the jumps of the competitors.

The distance of the run before the scratch line must be unlimited.

Sec. 5. The pole vault.- A pole must be furnished by the managing committee, but contestants may use their own private poles if they so desire, and no contestant shall be allowed to use any of these private poles except by the consent of their owners. The poles must be unlimited as to size and weight, but must have no assisting devices, except that they may be wrapped or covered with any substance (to obtain a firmer grip,) and may have one prong at the end.

No competitor shall, during the vault, raise the hand which was uppermost when he left the ground to a higher point of the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

The rules governing the running high jump must also govern the pole vault for height, except when the man leaves the ground in an attempt it shall be counted a trial.

RULE XIX.

Putting the Shot.

The shot must be a solid sphere, made of metal, and must weight twelve pounds.

It must be put with one hand, and in making the attempt it must be above, and not behind, the shoulder.

The competitor must stand in a circle seven feet in diameter. The circumference of the circle must be divided into halves by a line drawn through the center of the circle. On four feet of the front half of the circumference a board four inches high must be placed, the edge of which must be equally distant from the intersection of the line with the circumference, and at which the competitor must stand when the shot leaves his hand.

A fair put shall be one where no part of the person of the competitor touches in front of the circle, or on the board, in making the attempt.

A put must be counted as a foul if the competitor steps outside the circle on the board. A competitor must leave the circle by the rear half. Leaving by the front half must be declared a foul.

The measurement of all puts must be made from the nearest mark by the shot to a point on the circumference of the circle on a line with the object mark and the center of the circle.

Foul puts and letting go the shot in making an attempt must be counted as trial puts without results.

A board similar to the one in front may be used at the back of the circle.

The order of competing and the number of trials shall be the same as for the running broad jump. Shots must be furnished by the managing committee. Any contestant may use his own private shot, if correct in weight and shape; in which case the other contestants must be allowed to use it if they wish.

RULE XXI.

Ties.

In case of a tie in any event, the points shall be divided and the place awarded by lot.

RULE XXII.

Relay Racing.

1. A line must be drawn twenty feet in front of each starting line. Between these two lines each runner must touch the succeeding runner. Failure to do this disqualifies the team in that event. The judges must see that all touches are properly made.
2. The same rule with reference to fouls, coaching or impeding a runner in any way, apply to relay racing as to other events.
3. No member of a relay team can run back of the line, nor can one man run two relays in any team.
4. The positions of the team must be drawn for.

Vacancies in the office may be declared by the Board for cause, and a successor appointed by the Board to act until the next annual meeting.

Local Management:

Sec. 6. The **Principal** or his authorized representative shall accompany his team to all contests.

Sec. 7. The principal of the school, or high school teachers authorized by him, shall be manager or managers of the teams representing the school.

Sec. 8. No games shall be played without the sanction of the principal.

Sec. 9. The eligibility of all the contestants shall be certified to by the principal of the school in accordance with the rules hereby adopted. Such statements shall be presented in writing within ten days before any contest. In case of disputes the principal must furnish the Board of Control the following data in regard to each contestant: The date of last enrollment; the number of years he has been a member of a secondary school athletic team; date and place of birth; average mark in each study for the last preceding term in school; average mark in each study from the beginning of the current term or semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from the Annual Inter-scholastic meet.

Sec. 10. The principal has power and is advised to exclude any contestant who, because of bad habits or improper conduct, would not represent his school in a becoming manner.

Sec. 11. It is recommended that principals, in arranging for games, provide a forfeit of \$10, to be exacted should there be a failure on the part of either party to carry out the arrangements made. Sec. 14. On and after January 1, 1910, all the **Major Officials** in all athletic contests participated in by teams connected with schools in the I. H. S. A. A. shall be regularly licensed teachers in the public schools of Indiana or shall be persons whose names have been furnished and approved by the Board of Control. It is recommended that these officials shall be disinterested, and it is required that when a school demands disinterested officials at the time of scheduling the game, such officials shall be furnished. Games and Game Rules:

Sec. 17. No games shall be played with high schools of this state not belonging to the Association.

This rule does not prevent a member of the Association from playing high school teams outside of the state, nor from playing non-high school teams within the state, except as follows:

It is a violation of the Constitution for schools in the Association to play non-high school teams including high school boys, unless the latter are certified as eligible by the Principal of the school to which they belong.

Sec. 18. The games recognized by the I. H. S. A. A. shall be: Football, Rugby Football, Soccer, Basketball, Track Work and Baseball. Further, all forms of inter-school athletic games shall be subject to the rules of the I. H. S. A. A.

Sec. 19. In all football contests held under these rules, the length of each half shall be twenty-five minutes, unless changed by mutual consent.

Sec. 20. The basketball rules as published in Spalding's Official Basketball rule book, shall be the official rules governing all contests between members of the I. H. S. A. A. However, the rule governing the selection of officials in the above rules shall be void, and unless otherwise agreed by mutual consent, each school shall furnish one official, and these officials shall alternate their duties, each acting as referee and each acting as umpire one half.

Rules.

Eligibility.

Rule 1. To represent a school in any interscholastic contest, a person must be under twenty-one years of age; must have entered some public high school within the first twenty school days of the semester in which the contest occurs, and must be an amateur as defined by the A. A. U. Eighth grade pupils are not eligible. A semester is one-half a school year.

(The term "Amateur" is defined and explained in Spalding's Official Handbook of the Inter-Collegiate Association of Amateur Athletes of America.)

Rule 2. Any pupil who has been enrolled twenty (20) or more days from September 1 to December 1 of same year for each of four semesters will be ineligible to play football a fifth semester.

"Any pupil who has been enrolled for a period of twenty (20) or more days from December 1 to March 1 of the next year for each of four

semesters shall be eligible to play a fifth semester, provided he meets the requirements of the other eligibility rules; provided further that no pupil shall represent his school longer than four years."

INTERPRETATION—This rule applies only to students entering school for the first time during the second semester of the school year, and enrollment in school rather than participation in athletics shall determine the eligibility of all students.

Any pupil who has been enrolled for a period of twenty (20) or more days from March 1 to June 1 of the same year for each of four semesters shall be ineligible to play baseball a fifth semester.

INTERPRETATION—This section covers all branches of athletics.

Rule 3. A pupil withdrawing permanently from school within the first twenty school days of the semester shall not be regarded as having an opportunity to engage in athletics that semester unless he has already played in one or more interscholastic games, in which case he shall be regarded as having engaged in Athletics for that season.

- Rule 4. **Post Graduates** are not eligible, but pupils graduating from regular three year courses shall not be deemed post graduates.

Rule 5. A student is a post graduate of a school after he has completed the work required for graduation by that school, irrespective of the time of granting the diploma.

Rule 6. Pupils meeting requirements for graduation in three and one-half years in high schools with regular four years course shall be eligible to participate in school athletics the last half of the fourth year, provided they meet all other eligibility rules of the I. H. S. A. A.

Rule 7. Time spent in athletic sport by pupils while in grades below the high school shall not be counted as part of the four years.

Rule 8. No person shall enter a contest under an assumed name.

Rule 9. Any member of a high school athletic team who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

An exception is hereby made for basketball and basketball players in those towns and cities whose schools have no gymnasium and whose students are forced by necessity to use a Y. M. C. A. or some other gymnasium for their practice games. It is a well known fact that the use of such gymnasium by high school students under such circumstances will likely require that such students play on the teams of the organizations

maintaining such gymnasiums. No student, however, will be permitted to play on any other team than that representing the organization controlling the gymnasium, and no student will be allowed to play in the teams of the latter without the knowledge and consent of his principal.

Rule 10. Each contestant must have and be maintaining for the current semester, a passing grade in each of three or more studies requiring a minimum of fifteen regular high school recitations per week, exclusive of rhetoricals, physical culture, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire term.

Pupils enrolled for the first time must comply with the requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Back work may be made up, providing that it is done in accordance with the regular rules of the school and becomes a matter of final record before the next semester.

INTERPRETATION—In each of the studies representing the minimum requirement of work specified above: (a) For the current semester the average of the monthly grades up to the time of certification must be passing; (b) for the current or school month the average of the daily or weekly grades must be passing; (c) if the average of the monthly grades at the beginning of any month is below passing in any study, the pupil is ineligible as far as that study is concerned for the entire month.

Rule 11. No person who has been enrolled as a student in an institution of college standing, and has done work which may be counted toward a degree in that institution, shall be eligible as a member of any athletic team under I. H. S. A. A. rules in any game with any other team, either within or without the State of Indiana.

Rule 12. The eligibility rules of this Association shall apply to students taking part in all contests, whether with schools inside or outside the State of Indiana.

Rule 13. On and after January 1, 1911, no student shall be eligible to play football unless he has been examined by a regular physician and his physical condition has been pronounced satisfactory. Further, such student shall not be eligible until the physician's certificate has been filed with the Permanent Secretary of the Association. Said certificate shall be good from September 1 to December 1, only.

Rule 14. On and after January 1, 1911, no pupil shall be eligible to play football without the written consent of his father, mother or guardian. Said written consent shall be attested by the Principal or Faculty Manager,

and shall be filed with the Permanent Secretary of the Association. The copy of said written consent shall be attached to the physician's certificate when filed with the Permanent Secretary.

Interpretations

First. A game is any athletic contest where an admission fee is charged, or where any collection or contribution is received from spectators.

Second. The football season is defined as beginning with the opening of school and closing with November 30.

Third. No student who violates the rules of the Association will be reinstated by the Board.

Fourth. A pupil who has played in one or more interscholastic games in any season shall be regarded as having engaged in athletics for that season.

Fifth. When a member or members of any team are protested, the game should be played as scheduled and the protest filed with the Board for settlement later.

Sixth. The basketball season is defined as lasting the entire school year.

Seventh. Pupils under twenty-one at the time of registration in school shall be so regarded until the time of their next registration.

Eighth. Any student, who carries at least 15 hours of regular High School work, is a High School student.

Ninth. It is recommended that Principals take proper measures to control the crowd and the players in all contests. Failure to do so shall be considered sufficient grounds for expulsion from the Association.
